PROJECT DEVELOPMENT PHASE
Delivery Of Sprint-2

Date	05 November 2022
Team ID	PNT2022TMID45922
Project Name	Gas Leakage Monitoring and Alerting Systems

SPRINT 2:

Functional Requirement

Features Of Design

User Story

--> As a designer, I need sensors for detection to get added with the system.

--> As a designer, I will add up the alerting components such as buzzer & LED to the design.

Procedure

The components are connected in wokwi .

Required components :

1. LCD

2. Buzzer

3. ESP32

4. Red and Green LED's

5. DHT22

6. Servo motor
